OFFICIAL KY ELKS LICENSE PLATE

READY TO ORDER!

The KY Department of Transportation has approved the design and pre-sale of an official KY Elks license plate. (Actual design below.) \$25 and the attached application is all that is required to begin the process. We must initially have applications for 900 plates before they will start production. Once plates have been manufactured, you will receive a postcard from KY DOT advising that they are ready for pickup at your County Clerk's office. At that time, an additional \$19 will be due.

Of that \$19, \$10 will be sent to our State Major Project, "Kids with Cancer", and will be shared with a few other State Committees, such as National Service (Veteran's) and Drug Awareness. No portion of the proceeds can be used for anything other than charitable works. The \$10 qualifies as a charitable tax deduction, as you will receive no products or services in return.

If you would be interested in participating in this wonderful fundraiser, please fill out the attached application (one application per vehicle, \$25 per vehicle), make your check payable to "KY Elks Kids with Cancer Charitable Fund" and mail to me at the address above.

Fraternally,

Diana Yates
Major Project Chair
